Course Description

Designed to jump start your drawing skills, we'll work inside and outside the classroom as we explore anime/manga, landscape, portraits, and wild animals. Using graphite, charcoal, colored pencil, watercolor, ink, and multimedia materials, we'll explore abstraction, realism, the grid, and international anime drawing styles.

Course Goals

Students who complete this course successfully will be able to:

- Goal 1 – Students will successfully utilize graphite, colored pencil, and ink mediums to illustrate the subject of their choice.
- Goal 2 – Students will successfully utilize the grid method of drawing to complete realistic landscape and/or animal drawings of their choice.
- Goal 3 - Students will successfully create original anime/manga characters of their choice with ink and watercolor pencil.
- Goal 4 – Students will create abstract multimedia paintings of their choice utilizing modern color theory.

Materials & Supplies

Students will bring prism color pencil set of their choice, one 8/1 x 11" Sketchbook of their choice, and any anime/manga, drawing reference books of their choice to class.
