Course Description

Dress for a mess, these kids will love using their hands and imaginations to create unique clay pieces in these one of a kind clay classes! Students have the opportunity to work with clay in a variety of methods. We will use the slab roller, extruder, molds, hand tools and pottery wheel to create pieces of art that will last a lifetime. We will create functional kitchen items (mugs and plate sets), portraits of ourselves or people we admire, valentines projects, etc. No prerequisites necessary, bring your creativity and an eagerness to have fun.

Course Goals

Students who complete this course successfully will be able to:

- Improve and expand on creativity.
- Improve motor skills and focus.
- Problem solve using construction techniques.
- Improve self-esteem and act courageously.

Materials & Supplies

All supplies will be provided
