The best way to contact me is by phone/text and I will respond within 48 hours, email responses may take up to a week or more.

### **Course Description**

Have you always been fascinated by treasures no one understands and need a special place for them? In this class we make our own treasures out of clay and other materials. Then we will construct boxes of differing sizes, shapes and materials to hold our special objects. Come construct, sculpt, and paint with us; there will be an equal emphasis on product and process.

### **Course Goals**

Students who complete this course successfully will be able to:

Construct clay and mixed media pieces that have good craftsmanship; learn basic observing and drawing skills; learn how to use paints and brushes; and learn how to design their own composition. *Colorado Department of Education's Academic Standards for visual arts will be met.*

### **Materials & Supplies**

All materials and supplies are provided
