

Line, Color, Blend

Barbara Dimond
719-233-9584

Course Description

This is a fun, shared experience that encourages an exploration of mixed media through combining materials in layered works of art. Create a variety of compositions in watercolor painting, collage, pastels and simple printmaking on various textural surfaces.

Course Goals

Students who complete this course successfully will be able to:

- Know how to change surface texture with gesso to use for painting of various colorants combined.
- There will be 2 different gesso prepared surfaces each using different materials, to blend together for a very unusual compositions. Applied with various smudging and brush techniques.
- Plastic heat fused painting
- Watercolor painting with textural techniques
- Gelli plate printing, stenciling and simple printmaking applied to surface work

Materials & Supplies

There is a \$16 materials fee per pair payable to the instructor on the first day of class for all supplies.
