## *Beginner Gold Leafing*

---

Instructor Name: Sophia Hanna

Instructor CC Email: [sophiazhanna@gmail.com](mailto:sophiazhanna@gmail.com)

Feel free to contact the instructor if you want links to the specific products she recommends! She will be providing more materials, like cotton balls, wax paper, acrylic paint, pencils, magazine scraps and glue for our final projects.

If you want to get extra gold leaf to mess up with, feel free! You're also welcome to get other imitation metal leaves, like copper or silver. The 8"x10" panels are for experimenting on one, and a final mixed media project on the other. If you'd rather bring another size, or an existing piece to add leaf to, go ahead, and if you aren't sure about it, contact Sophia! Also, bring our own supplies if you have them! For the gold leaf supplies specifically, she recommends the **Mona Lisa** brand as a reliable one to find locally and on amazon. She also notes the difference below if you purchase the kit or the individual items. She recommends Blick, Amazon or Meiningers to purchase these materials (the price estimates are based on Blick). Please keep in mind shipping times if you're ordering them.

### **Supplies**

2 8"x10" wooden panels (raw or primed wood is fine)	\$20.00
