

Drawing Far and Wide

Instructor Name: Sophia Hanna

Instructor CC Email: shanna@coloradocollege.edu

This workshop requires very basic supplies so please use what you already have too! These are all easily found in local art stores for really cheap, too. I will have newsprint paper for practicing, but you will mostly use the drawing pad! Also, there's lots of starter drawing packs that would include most of this list in one cheap set, so go for those if it makes sense!

These prices are based on Michaels products, if you need extra guidance on specific brands or materials, or any questions at all, please shoot me an email!
