

Netted Treasures

Instructor Name: Zandra Zieman-Foster

Instructor CC Email: zandrazf@q.com

This is an explorative project, so please feel free to bring any sized beads you have, but it will be helpful to have the main part of the project be uniform. If you already have some of these supplies, your cost will be less than listed below. However, it is important to have enough one sized bead for the main body of work.

Bring any found objects, sentimental or vintage jewelry, or handmade beads, or other that you may wish to incorporate into your work. If it is a sculpture, you may want to bring a stick, or some sort of frame to bead from.

I will bring a Dremel tool for drilling holes in wooden objects or shells if necessary.
