
Intermediate Wheel Throwing

Instructor name: Colin Davis

Instructor email: davis.colin91@gmail.com

Supplies are available at Michaels, Hobby Lobby, Menninger's, Amazon, etc. Please bring an old apron and clothes you don't mind getting dirty, as well as a large towel. I purchased my Cheese cutter from King Soopers for about \$10-12. Purchase a 9" Dirty Girls wiggle wire (optional) from stone leaf (Aurora, CO) or other pottery tool distributors. I'd recommend watching demonstrations with this tool to see if you're interested. I will have stretched out springs which I'd only charge only the price of the spring, \$1-\$2, that can be used in place of a wiggle wire.

Basic Safety and Guidelines:

Please cut nails as short as possible before class begins (this means VERY short) and hair past the shoulder must be tied up to prevent injury while operating wheel from occurring.

If you desire to work on jars, please purchase calipers.

If you desire to work on composite forms, please purchase at least two plastic bats and calipers. You may purchase your own bat pins, but we have sets at Bemis and I will bring extra to class.

If you desire to work on faceting or fluting, please purchase a cheese cutter, fluting tool, and/or a wiggle wire. I will have stretched out springs that are used as a wiggle wire so you can save yourself money and try the spring before buying the wire.

Supplies:

8-piece pottery tool set	\$13.99
Wire Cheese Cutter (for faceting)	\$10-\$20
Wiggle Wire (optional)	\$9
Calipers	\$4-\$13
Bat Pins	\$5
Plastic Bats (Speedball 7.5" is affordable and good)	\$7.41+/Bat

Total Estimated Cost: \$40.40-\$66.81

Please email the instructor with any questions regarding supplies.

In case you are unable to attend class, consider purchasing supplies that are returnable.
