at COLORADO COLLEGE

Bemis Community Printshop Open Session

Below are tools and supplies that are included with your purchase of open session time and suggested supplies for you to purchase. If you want to experiment with materials that are outside of the list below, you will need to purchase those supplies.

Prerequisite: Previous Bemis Community Printmaking (BCP) class experience at the Bemis School of Art is required.

Note: This space is not meant for mass production. This is a space to experiment and to expand new skills learned in previous Bemis Community Printshop classes.
